WE ARE BEST

SBV Avtotech is a manufacturing company specialized in Automotive Industries. We provide products with varieties of tooling and Assembly line fixtures, gauge, vibration, photometric, spot welding fixture surface treatment coating and metallization jigs and specific logistic trolleys and workbenches etc.

On providing metalizing jigs, our products have been successfully validated on both domestic and foreign vacuumed metalizing equipment against its specific features, such as Lanzhou Dacheng, Arzuffi SRL, ULVAC, Buhler Leybold Optics, KOVA etc. We have reached best solution to the parts on both horizontal and vertical metallization machines.

PARTIAL PARTNER
